

LOSPIR-BG
Outdoor PIR Sensor Beige

LOSPIR-BK
Outdoor PIR Sensor Black

Outdoor Sensor

IP66 Outdoor Infrared Sensor

Applications Residential, Industrial, Outdoor applications

Specifications

Voltage	220-240V AC
Time Duration	5 Seconds to 10 Minutes (Adjustable)
Detection Method	Passive Infrared
Detection Angle	Up to 110 Degrees
Detection Distance	Up to 18m depending on install
Lux Control Levels	<2 Lux
Load	10A 2400W Incandescent 5A 1200W Inductive
Power Consumption	0.7W
Colour	Beige / Black
Warranty	5 Year
	IP66 Indoor / Outdoor
	LED Compatible
	3 Wire Design
	Standard Mounting Block
	Adjustable Bracket
	Fast Installation
	Minimum load less than 10W
